

# 44M PERFORMANCE SCHOONER

**PERSAK & WURMFELD**  
leading the next generation of yacht design & naval architecture

**DERECKTOR**

## SPECIFICATIONS

### DESCRIPTION

PERSAK & WURMFELD and Derecktor Shipyards are proud to introduce the next generation of modern sailing yachts. The 44m Performance Schooner is the very definition of performance without compromise.

The hull is fast, comfortable, safe, and seaworthy. The schooner rig allows for a flexible sail plan that can be optimized to a wide range of wind speeds while reducing both sheet loads and rig height. The appendages are modern yet easy to drive.

The result is a vessel supremely comfortable on a cruise, yet quick and aggressive on the race course.

The arrangement affords comfortable accommodations for ten and includes a separate Owner's area, four guest staterooms, a full dining area, and a raised salon to enjoy panoramic views.

The vessel shall be built to the highest construction standards and benefit from generations of yacht building experience of the Derecktor family.

Class	LRS +100A1 SSC Yacht Mono G6 (+) LMC UMS
Flag	MCA LY2/3
Hull Construction	Aluminum
Deck Construction	Composite
Rig Construction	Carbon (GL compliant)
