

# 60M EXPEDITION YACHT

**PERSAK & WURMFELD**  
leading the next generation of yacht design & naval architecture

**HAKVOORT**  
SHIPYARD

## SPECIFICATIONS

### DESCRIPTION

The following project has been developed in cooperation between **HAKVOORT SHIPYARDS** of Monnickendam, Netherlands, and naval architects **PERSAK & WURMFELD** of New York City.

The design features a modern, bold sculptural exterior and clean lines, ensuring a beautiful and timeless aesthetic. The plum stem defines an efficient hull form that will benefit the Owner's chosen expedition, whether it be a global exploration or an elegant cruise.

The interior arrangement features accommodation for 12 guests. The generously oversized Owner's suite features a private aft deck, and the VIP suite on the main deck rivals most Owner's cabins.

The construction of the vessel will be at the highest level of yacht quality to the meticulous standards of the Hakvoort family, as well as the regulations of Lloyds and MCA.
